Michael,

To my knowledge, no person has been assigned specifically to this site as a public health contact. I believe the appropriate State agency for this type of inquiry would be the Indiana State Department of Health (ISDH). I just checked the ISDH website and see that Tony Moore (phone 219-902-0330) is listed as the North regional contact for the ISDH's Lead and Healthy Homes program. Though he wasn't at the public meeting recently held in East Chicago, I did meet Tony at the previous USS Lead public meeting held in the E. Chicago library a couple years ago.

Doug

Doug,
Do you have one? I got a call about health concerns and thought that we should use a state person.
Thanks and talk later,
Michael
